

Fast flowing trails, epic climbs, technical descents – The Mach 5 is the bike to rule all trails: Arizona, California, Colorado, Europe, Pennsylvania, Minnesota, Wisconsin, you name it! Wherever you ride, the Mach 5 will make every ride better. With 140mm of precision tuned dw-link travel, unparalleled frame stiffness, and our custom tuned Fox suspension with Boost Valve technology, the Mach 5 delivers an incredibly efficient, balanced feel.

Descend with confidence as your Mach 5 soaks up everything, from small bumps to the biggest hits, delivering superior plushness and control. As the trail turns upwards, the Mach 5 exhibits exceptional climbing traction. The secret behind the Mach 5 is its perfect balance of stiffness, agility, performance and control. Pivot engineering and dw-link tuned suspension result in an incredible blend of pedaling efficiency and off the charts descending ability making it the ultimate trail bike. If you had to own only one bike, the Mach 5 is it. Ride it, Race it, Love it. Every ride is better on a Mach 5.

The heart of the Mach 5 is the dw-link, featuring 8 sealed cartridge bearings, cold forged 92mm wide bottom bracket, and direct mount front derailleur giving the bike everything it needs to perform: Incredible frame stiffness, lightweight, unmatched pivot durability and Pivot’s legendary quality and attention to detail!
